

DANDRUFF SOON GETS YOUR HAIR

LET "DANDERINE" CHECK NASTY SCURF AND STOP HAIR FALLING OUT.

To stop falling hair at once and rid the scalp of every particle of dandruff, use a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

Have You Piles?

Then You Have Something to Learn. Thousands who have piles have not learned that quick and permanent relief can be obtained by the use of internal medicine. Neither cutting nor cauterizing the piles with hot iron, and suppositories will remove the cause. Had circulation causes piles. There is a complete stagnation of blood in the lower bowel and a weakening of the rectal muscles. The remedy is in the form of a small pill. Its prescription is HEM-ROID, a tablet medicine. It internally cleanses the bowels, softens the stool, and is sold by druggists generally. Dr. Leonard's remedy is in 1,000 cards with the medicine, and then decided it should be sold under a rigid money-back guarantee. Don't waste any more time with outside applications. Get a package of HEM-ROID from Lee & Gordon, today. It has given safe and lasting relief to thousands of people, and should do the same for you—it seldom fails.

UNION STREET LOCUST HAS TO BE CUT DOWN

Forester Henry E. Davis has just cut down in Union street a 90-foot locust tree whose decayed condition at the base of the trunk has caused it to stand any longer, although the top of the tree was in fine condition. About ten years ago the tree was given by ropes, put around it in making a house on Union street, and has been decaying ever since.

Forester Davis places the tree's age at about 100 years, and says it is one that sprang from seeds scattered from the original locust tree in the city on Church street, which was planted about 1800 by John Pease, an Egyptian by a sea captain. The old sea-faring man brought three locust trees here and planted them, from which have sprung all the trees of this variety in the city. The locust from the first tree having been scattered in various ways.

Locust wood decays for a long time and for that reason makes fine hitching posts to set in the ground. Mr. Davis says, as he has known locust posts to stand for over a score of years.

The tree has just cut down was in front of 33 Union street and yielded about two cords of wood.

HEAVY FINES FOLLOW AUTOMOBILE SMASHUP

Edgar L. Black, 22, of 42 Tilly street, New London, was fined \$100 and costs, and Charles W. Sweeney, 27, also of New London, was fined \$50 and costs by Justice of the Peace Charles Smiddy in Montville Monday as the result of an automobile accident in Montville Sunday.

Black pleaded guilty to the charge of operating an automobile while intoxicated and reckless driving. Sweeney pleaded not guilty to charges of intoxication and driving an automobile without a license, but he was found guilty.

Preston City Church Officers.

Officers of the Preston City Baptist church are to be elected at the annual meeting of the church on Wednesday morning. The meeting will be followed by a dinner.

To Quickly Remove Ugly Hairs From Face

(Beauty Notes)

Beauty-destroying hairs are soon banished from the skin with the aid of a delicate paste, made by mixing some water with a little plain powder and tone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

preponderance of evidence in support of the claim before the dependants against the claimant must first show that the injury was caused by the accident and not by the claimant's own fault.

To the same effect is the language of Judge Beach in Mann vs. Glastonbury Knitting Co., 30 Conn. on page 122.

"But when the injury arises from his own act, the claimant must first show that the injury was caused by the accident and not
